

# Snow Monkey Class

February 2023

In Snow Monkey class we have been working hard on our Literacy. We began February by reading some Flat Stanley stories which led to us writing our own adventures where we wake up having undergone a drastic change. We also read some of the Madeline books by Ludwig Bemelmans, which took us on adventures to Paris and London.

In mathematics we have been learning about 2 dimensional shapes, lines of symmetry and understanding numbers to 10,000.

Our unit on Islands has resulted in some excellent work about food miles, grid references, contour lines and distant islands from around the globe.
